

COMMUNITY COLLEGE Exploration & Support Program

A supportive summer school opportunity for New Way seniors, recent grads, and alumni.

New Way's 2017–2018 seniors, new graduates, and alumni are invited to participate in a unique summer school program supporting community college exploration and experience in partnership with Scottsdale Community College (SCC).

Starting May 30th through June 29th, students will enroll in a community college math course. Monday through Thursday, students attend class from 9:45 am to 12:30 pm. After class they will be transported to New Way where they will receive direct support and resources for success. This is a wonderful opportunity for students to have their first college-level experience with the support and guidance of New Way.

To allow ample time for placement exams, accommodations, and registration, students are encouraged to register as soon as possible with a deadline of May 15th.

The cost of \$1,000 covers the college course, materials, transportation to New Way after class, and instructional support. Upon registering through New Way, Ms. Laura Keathley will communicate SCC enrollment requirements.

Please note: Families must provide their own transportation to SCC in the morning, and from New Way in the afternoon. New Way will provide mid-day transportation from SCC to New Way.

SCHEDULE

May 30th–June 29
Monday–Thursday

9:45 a.m.
